Flight Obstacles Finland

Description

This addon adds every flight obstacle in Finland mentioned in AIS documents, except windmills.
Flights obstacles included are masts, cranes and chimneys.
Also few custom obstacles are included:

- Näsinneula
- Puijo tower
- Pääskyvuori mast
- Siilinkari lighthouse
- Lahti radiomasts
- Tampere halitorni
- Tampere tornihotelli
- Kauklahti mast

Installation

Extract flight-obstacles-finland.zip to your Community folder

Known issues

- Visibility of some masts from far is poor
- Lights not visible from far
- Repetitive chimneys
- Some overlapping between masts and buildings
